## Part 1: ABOUT US

PT. CALEB TECHNOLOGY Are focusing in SYSTEM INTEGRATOR for Instrument, PCS (Process Control System), SIS (Safety Instrumented System), FGS (Fire & Gas System), SCADA System, Metering Package and Power Generation. To support our main business, we are developing three department such as Project and Services Department, Engineering and Services Department and Material Support Department.

Base on our experience and capabilities, we are strongly confidence to deliver every single project, Services and every assignment in high quality to meet customer satisfaction.

As reflected in our Motto “Let’s make it perfect” meaning that our Customer’s requirement are the first priority by consulting prior to implementation, construction and finally delivering perfect result.

PT. CALEB TECHNOLOGY is fully staffed for design engineering, Construction, Installation, Services as well as Skill and labour to support our customer to meet customer satisfaction.

## Part 2: VISION & MISSION

### Vision

To be a leader as a System Integrator Company in Region by focusing in our core business in Man Power Supply, Services and Engineering, Commissioning the field of Electrical & Instrumentation, Control System and Safety system that benefit to our customer by improving their business performances.

### Mission

Imbuing all our operations with the motto of fair business practices, family values and high growth-high profitability.

## Part 4: ORGANIZATION CHART

### KEY PERSON

Gorga Simanullang (Managing Director)

Experienced in Oil & Gas and others Industries more than 20 years, Bachelor Degree from ISTN Majoring in Electronics Engineering Physics , Diploma engineering from Polytechnic-ITB.

Muhammad Rifki Asfari (HSE & Business Development)

Experienced in Safety Management System and Bussines Development more than 2 years.

Ivan Irianto S (Sales Area Manager)

Experienced in Oil & Gas and others Industries more than 2 years.

Febri Nugraha (Project & Service Manager)

Experienced in Project Management more than 7 Years, Diploma engineering from Polytechnic-ITB.

Joelianti Dwi Supraptiningsih (Finance Manager)

Having lot of experience in Financial Management, also working part time as Lecturer in more University in Jakarta.

Erni Permanasari (Engineering & Service Manager)

Degree from Bogor Agricultural Institute, Experienced in Man Power Management more than 10 years.

### PT. CALEB TECHNOLOGY

## Part 5: PARTNERSHIP, PRODUCT & SOLUTION

As a part of our business strategy partnership was strong recommended to build our business for begin to be a global player supporting to each other. Establish Trust is our bussiness motto to build our colaboration. We have a lot of experience in Oil and Gas Industries for Engineering Design, Services, & Man Power Supply for various job and assignment.

We offer products confirming to System Integration, thus facilitating our clients/ partners to globalize their applications.

Our solutions of Automation Systems are advance enough to support the customer in building Metering System for Oil and Gas, Process Control System (PCS), Safety Instrumented System (SIS/ESD/FGS) and SCADA System.

Feel free please to check the list of our partners below:

**Honeywell**

**Rockwell  
Automation**  
 **Allen-Bradley**

**VELAN** 

**N-Line Valves®**

**ics triplex**  
A Rockwell Automation Company

## Part 7: BUSINESS SCOPE

PT. CALEB TECHNOLOGY. is engaged in full range of All activities covering Engineering services for Commissioning phase, Engineering phase, Construction, both Skill and Labour and also we are capable for services, Operation Maintenance & Supply material and spare part from the smallest up to the large project in all fields for Oil & Gas, Power Generation, Chemical & Petrochemical, Pulp & Paper and Other Industrial.

## Part 8: PROJECT AND SERVICE DIVISION

Various project has been accomplished with good result and delivered as project schedule meet standard and expectation by customer, we have been accomplished some project from various company such as : Honeywell, PHE WMO, Dwisolar Sdn. Bhd.

For some project are on going such as Fire alarm system, Gas Metering skid, fire suppression system etc.

## Part 9: ENGINEERING AND SERVICE DIVISION

Some commissioning Job and Engineering design has been accomplished and currently we running some project related to oil and gas offshore and onshore for engineering design, FAT, SAT and commissioning activities still on going. Fully staff by Engineering team with huge experience in system control such as Honeywell EPKS, C300, Experion LX, Safety Manager/ Fail Safe Controller, Networking, hardware, software engineer, drafter as well as Project Management.

## Part 10: MATERIAL SUPPORT DIVISION

We can supplying materials for Oil and Gas industrial including design, installation and services after sales.

We have been supply material for various Oil and Gas Industries such as Conocophillips, Premier oil, Pearl Oil, Pertamina, and more Oil and Gas Company. We are capables to support material as per listed below:

### **DCS and PLC**

Brands: Honeywell, Rockwell, ICS Triplex

### **Fire Alarm Panel**

Brands: Autronica

### **Flow Computer**

Brands: OMNI Flow, Emerson FloBoss

### **HMI & Scada**

Brands: Honeywell, Rockwell, Wonderware

### **Fire and Gas Detector**

Brands: Autronica, Crowcon, Det-tronics, Honeywell, MEDC

### **PT. CALEB TECHNOLOGY**

Office and Workshop: SINPASA COMMERCIAL Blok B.01 Summarecon Bekasi, Kota Bekasi, Jawa Barat, Indonesia

**Field Instrument (Transmitter)**

Brands: Honeywell, Yokogawa, Rosemount, Yamatake

**Control Valve, Safety Valve, Check Valve, Ball Valve**

Brands: N-LINE Valve, Velan ABV, Fisher Valve, KVC Valve, HOKE Valve, Swagelok.

**Bulk Material**

Cable Power, Cable Instrument, Telecommunication Cable, Junction box, Enclosure System, Terminal block, Power Supply, Cable gland, Conduit , Fitting, Cable tray, Lighting fixtures, , Testing & Calibration Equipment, etc.

## Part 11: SAFETY POLICY

Our Safety policy :

**"GO HOME SAFELY, LEAVE ENVIRONMENT SAFE, CARE FOR ASSET "**

PT. CALEB TECHNOLOGY Committed to providing a safe work environment for our employees. We have developed an extensive safety program both to meet this commitment and to comply with Indonesia Government for safety standard and customer safety and health regulations.

PT. CALEB TECHNOLOGY Takes a proactive approach to safety. We provide personal protective equipment, supply proper tools for the job, test equipment on a regular basis, follow appropriate safety procedures, perform safety audits, enforce drug and alcohol policies, meet with our employees to discuss safety issues, and instruct our employees about safety in the most thorough manner possible.

Safety is part of every project we do. Our managers, engineers, and superintendents plan each job with safety in mind. Threats to safety are anticipated and resolved before the job begins.

We also review and incorporate the customer's safety program into ours so that the customer can be confident that we have satisfied all safety concerns specific to their project. .

***"On behalf of Management PT. CALEB TECHNOLOGY our commitment to deliver every single of our Project and Services from small to large and all assignment with high standard in Safety and Quality"***
